

## Phase One – Art and Design

---

# Let's Peace Together Our World

---

### Objective

For Pupils to understand the play on words

---

### Pupil Activity

Display the words 'let's peace together our world' and lead a discussion on the meaning/play on words with the pupils:

- Piece together – jigsaw/put together a
- Peace together – make the world peaceful together

In pairs pupils could note down their thoughts (on a sticky note) as a result of the class and paired discussion. These thoughts could be displayed around the words and revisited at various points during the project to see whether the pupils have changed their thinking or want to add anything.
